# Who founded Noor Education and Healthcare foundation? Whose Vision was behind NEHCF?

**Begum Noor Jahan**

**visioner of  
NEFHCF**

Noor Education & Healthcare Foundation was set up to take forward (Late) Begum Noor Jehan Ishrat's vision for educating those less fortunate, with a focus on girls and women empowerment through education. She was a great advocate for lifelong learning and for providing a helping hand to those who were financially challenged and unable to afford to educate their children.

Before getting married, she did her Matriculation. After Marriage she did her graduation and then got admission in LLB. Later after getting free from responsibilities regarding her children, she did her Bachelor Of Art and proceed to become a lawyer

As a commitment to her passion for Lifelong learning, she went on to acquire an "Early Childhood Education Montessori" Diploma. She believed that education was something no-one could take away from you and gave a person great self-esteem, self-confidence, and economic emancipation and self-sufficiency.

Noor Education & Healthcare Foundation embodies her ethos and values and strives to realise her dream of 'educate to emancipate and empower.'

*"Educate to emancipate and  
empower."*

Dear friends

In the heart of our mission at Noor Education & Healthcare Foundation is a commitment to leave no one behind, blending education and healthcare into a tapestry of support for the underprivileged.
